Monday 22nd February 2016

Dear Parents,

The children are completing their final tasks in the ‘On Entry Assessment.’ I have found this assessment to be very useful in providing valuable data about where your children are at in Literacy and Numeracy and I look forward to further developing their skills in these areas.

We are now moving on to the letters ‘Tt’ and ‘Pp’ in Phonics, so you may like to talk to your child about objects in their environment starting with these letters. As I mentioned at the Parent Night, I will be sending home some revision activities on SATPIN in Week 5. In Religion, we are discussing Jesus who belongs to a family. We are going to be making a diorama of Jesus’ family. Could you please bring in a box for your child to create their diorama; this could be a shoe box or a cereal box, thank you.

If you are able to spare some time to help us with PMP (Perceptual Motor Program), we would be most grateful. PMP operates with four stations to develop gross motor skills and for this to run effectively, we require an adult at each station. We are running phonics and PMP on a Tuesday morning (8:50am - 10:10am) and PMP on a Thursday morning (8:50am - 9:20am). If you are able to help, please let me know, thank you. Could you please also ensure that your child wears their sports shoes on these days.

Finally, Pre-Primary and Year 5 have their Prayer Service this coming Friday (26th February). Our Prayer Service is on ‘Loving others’ and we would love to see you there.

Thank you for you continued support.

Kind regards,

Claire Soulsby
