On Friday the 11th of March, Year 6 went to the Convention Centre for the GRIP Leadership Conference. The workshop was aimed at how to develop young leaders. Overall, we are good leaders with the potential to become great leaders. The day was interactive, with an variety of speakers and some fun, interactive activities that got us loud and moving.

### 3 Things we learnt from the day

1. Helping others around us helps us to become better leaders.
2. Leaders contribute to what is around them.
3. How to push ourselves out of our comfort zones by meeting children from others school.
