

## Week Three

Welcome to Week Three!

This term we continued to learn about sea animals. We read the story 'Mister Seahorse' by Eric Carle. We then created our own seahorses and used eyedroppers and dye to create a pretty pattern.

Our focus letter this week was the letter **K**. The children decided that they wanted to celebrate this letter by making KITES! On Thursday, we went onto the oval and had a great time flying the kites that we made.

In mathematics, we have continued to focus on numbers 10 -20 by working on our number books. We have also learnt about graphs and representing data. This week we made a graph titled 'Our Favourite Sea Creature'. Check out our results.

The Year 6 Events Committee also came this week for a visit and helped create a piece of ocean artwork.

### Important information:

- Dad's Reading Day- Thursday the 2<sup>nd</sup> of November. Please see newsletter and email for information.
- The Kindy Christmas Concert will be on the 7<sup>th</sup> of December. It will commence at 9:00am and will be followed by a shared morning tea together. More details to come!
