

**MACKILLOP CLUB UPDATE**  
**23/06/17**  
**Regional Academic Day**

An enormous congratulations must be extended to our Year 5 and 6 students from the MacKillop Club, who recently won the Regional Academic Day, beating five other Catholic Primary schools from our region.

These students needed to work on simultaneous challenges in the areas of:

- Language
- Engineering
- Technology
- Art
- Drama
- Maths problem solving

This was followed by a trivia quiz. The students needed to show advanced collaboration and team work skills to ensure that each challenge was completed within a challenging time frame.

I am extremely proud of these students, not only for winning the trophy, but for the wonderful attitude and sportsmanship that they showed throughout the day.

Brett Wilkie  
Assistant Principal
