Recently, we held our annual MacKillop Club Parent Morning. This was a tremendous opportunity for our parents to not only learn more about the MacKillop Club, but also to work with their child in solving a series of puzzles and challenges.

It was wonderful to see such a sense of joy and collaboration in the room and I think it is safe to say that all parents left impressed at the quality of thinking that their child was able to demonstrate.

Thank you to all parents who attended; many would have rearranged their regular commitments to be here. It is greatly appreciated.

Brett Wilkie
Assistant Principal
