

Year 5 Term Two Overview

Religion

Unit 1: The Spirit Frees (Confirmation)

You can help your child during this unit by: praising them for the times they make responsible decisions to do what is good, sharing memories/photographs/certificates of your own Confirmation, asking for the Spirit's help to make thoughtful and responsible choices to do good or sharing with them how rules and laws can help people become more responsible.

Unit 2: We Are Called (Baptism)

You can help your child during this unit by: discussing with your child the gifts and talents they have and the vocation these may lead towards, listing various ways family members work and sharing your memories of your child's Baptism or the Baptism of a relative or family friend.

*Year 5 will present the Pentecost Prayer Liturgy Friday, 18th May, in the undercover area.

Health

Protective behaviours focus: Relationships (rights and responsibilities, identity and relationships, power in relationships and trust and networks).

Personal, social and community health: skills and strategies to establish and manage relationships over time, and exploring ways in which inappropriate emotional responses impact on relationships.

SPECIALIST TIMES

Tuesday:
Sport (11am-11:35am) & Italian (12pm-1pm)

Wednesday:
Innovation (9:40am-10:40am), Science (12pm-1pm), Library (2:40pm)

Thursday:
Music (9:15am-10:05am) & Sport (1:45pm-2:25pm)

English

Reading

Novel study: *Rowan of Rin* by Emily Rodda

Through our novel study, we will explore how language features impact the development and opinions of characters, settings and events. Our comprehension focus will be on questioning, finding details and extended written answers.

Writing

Students will continue to develop their understanding of grammar and practice using a variety of sentence types to create correctly structured paragraphs, in a variety of genre.

H.A.S.S

History: Shaping of the Swan River Colony

The students will present their learning by creating a 'WA Museum'. Stay tuned for your invitations to the grand opening!

Civics & Citizenship: Exploring the voting system and the values that underpin the Australian democratic government system.

ART

Exploring a variety of artists for inspiration to create artworks that include: shape, colour, line, space, texture and value.

Mathematics

Students will work on refining their skills to solve problems involving the four operations, and applying strategies to check the reasonableness of their answers.

In Measurement, students will calculate the length, area and volume of selected 2-D and 3-D shapes and will apply this knowledge to various projects.

Students will continue working through Think Mentals to consolidate mental computation strategies and daily times tables and facts practice.

Technologies

Digital Technologies: Students will create design solutions for a user interface. This will include designing, following and representing diagrammatically a simple sequence of steps (algorithms), involving branching (decisions) and iteration (repetition), implementing and using simple programming.

Task: Design a Mathematical quiz using KeyNote.

Events

Tue. & Thu. Morning: Cross Country Training, 8:45am-9:15am

04/05/18: Year 5 Assembly:

11/05/18: Mother's Day Mass

11/05/18 & 28/05/18: Winter Sports, 1pm - 2:30pm

18/05/18: Pentecost Prayer Liturgy (Year 5)

24/05/18: Cross Country

08/06/18: Sacred Heart Mass
