RATIONALE

It is an obligation of St Pius X Catholic Primary School to operate an efficient and comprehensive reporting program that keeps parents informed of the academic, social and behavioural progress of their children. The reporting process includes written reports, parent meetings, NAPLAN reporting and providing opportunities for parents to view the learning experiences of all students.

OBJECTIVES

- To show the growth and development of students in the Learning Areas as stipulated by the Western Australian Syllabus.
- To support and supplement other means of student assessment and reporting.
- To help substantiate other means of assessment.
- To help the process of 'intervention' and 'extension' for each student.
- To involve students, parents and staff in the assessment and feedback process.

OUTCOMES

- The work samples will provide a direct link between student performance and student outcomes as defined in the programs of work.
- The work samples will be cumulative and ultimately reflect the learning that has taken place during a whole school year.
- Assessment will be moderated and consistent within all elements of communication.

INTERIM REPORTS:

- Students going on holiday at the end of Term 1 and not returning until the beginning of Term 2, parents will receive the Interim Report posted via Australia Post at the end of the term.

- Students new to the school may be given a modified report depending on the amount of time spent within the learning group.
- Students leaving 2 weeks or less before the end of a semester formal report will have the report completed with other student reports prior to the end of the semester and posted to the address as advised by the parent.
